THE ORGANIC & NON-GMO SOURCEBOOK ADVERTISING INFORMATION

World's Only Directory of Organic & Non-GMO Suppliers

The Organic & Non-GMO Sourcebook is the world's only “farm to fork” directory of organic, non-GMO, and regenerative food and agricultural products.

With growing concerns about health and environmental risks of genetically modified (GM) foods, millions of people in the U.S. and worldwide are demanding organic and non-GMO food products.

The Organic & Non-GMO Sourcebook serves this growing movement by providing the most comprehensive list—more than 800 companies—of suppliers of organic and non-GMO products and related services.

Organic, Non-GMO, and Regenerative Suppliers

The Organic & Non-GMO Sourcebook features suppliers of organic, non-GMO, and regenerative seeds, grains, ingredients, animal feed, and food products. There are also related products and services, such as advocacy organizations, GMO testing labs, and non-GMO and organic certifiers.

Fast-Growing Markets

Global organic farmland increased by 26.6% in 2022. U.S. organic sales hit \$69.7 billion in 2023, a 3.4% increase over 2022.

According to a 2024 report by the Non-GMO Project, 58% of consumers are willing to pay a premium for non-GMO verified products. There are now 66,000 non-GMO verified products from 3,000 brands generating sales of \$45 billion per year.

Verified regenerative products are appearing on store shelves. Regenerative certification programs including Regenerative Organic Certified, Regeniefied, Soil & Climate Health Initiative, and others are emerging. There are now more than 1 million acres of Regenerative Organic Certified farmland worldwide and 1.5 million acres of Regeniefied certified farmland.

What People Say about *The Organic & Non-GMO Sourcebook*

“I am very impressed with *The Organic & Non-GMO Sourcebook*. I work with bulk sweeteners, oils, and other ingredients, both organic and non-GMO. Ken Roseboro and his team have done a great job with the *Sourcebook*, and for me it was the best non-food item at Natural Products Expo West.”

—Michael Theodor, President, MT Consulting, Vancouver, BC

“I consider *The Organic & Non-GMO Sourcebook* as my work bible... We all enjoy looking through *The Organic & Non-GMO Sourcebook* and it is very, very helpful to us in a number of ways.”

—Dan Ziegler, Bio-Ag Consultants & Distributors Inc., Ontario, Canada
