

THE ORGANIC & NON-GMO REPORT

2025 Media Kit

THE 2025 ORGANIC & NON-GMO REPORT MEDIA KIT

Consumers increasingly want "clean foods" with simpler, more nutrient dense foods, and fewer ingredients. That's why the demand for organic, non-GMO, and regenerative foods continues to grow.

For more than 20 years, *The Organic & Non-GMO Report* has been the leading publication focused on the fast-growing markets for organic and non-GMO grains, ingredients, and food products.

FAST-GROWING MARKETS

Global organic farmland increased by 26.6% in 2022. U.S. organic sales hit \$69.7 billion in 2023, a 3.4% increase over 2022.

According to a 2024 report by the Non-GMO Project, 58% of consumers are willing to pay a premium for non-GMO verified products. There are now 66,000 verified non-GMO products from 3,000 brands generating sales of \$47 billion per year.

Verified regenerative products are appearing on store shelves. Regenerative certification programs including Regenerative Organic Certified, Regeniefed, Soil & Climate Health Initiative, and others are emerging. There are now more than 1 million acres of Regenerative Organic Certified farmland worldwide and 1.5 million acres of Regeniefed certified farmland.

CONNECT WITH BUYERS

The Organic & Non-GMO Report offers advertisers excellent, cost-effective ways to connect with potential buyers of non-GMO and organic seeds, grains, ingredients, feed, and foods.

READERSHIP

The Organic & Non-GMO Report reaches a targeted market of 21,050 companies and individuals, who are buying and selling organic, non-GMO, or regenerative products. *The Organic & Non-GMO Report* is distributed as a print magazine and digital "flip-book" version. Readership includes seed companies, farmers, grain buyers and suppliers, ingredient and food manufacturers, retailers, consumers, and others.

The Organic & Non-GMO Report also reaches readers in Canada, Europe, and Asia.

TRADESHOW/CONFERENCE DISTRIBUTION

The Organic & Non-GMO Report is distributed at more than 50 tradeshows and conferences including Natural Products Expo West, IFT Food Expo, Supply Side West, Specialty Soya and Grains Alliance Conference, Regenerative Agriculture and Food Systems Summit, Sustainable Food Summit, Organic Farming Conference, and many others.

There are also feature articles on companies producing non-GMO and organic products and full-length interviews with industry and scientific experts.

What subscribers say about *The Organic & Non-GMO Report*.

“I rely on *The Organic & Non-GMO Report* to understand the news and trends that are impacting our sector. It really serves a unique need, since it’s the only publication dedicated to organic and non-GMO ag. It covers a stunning range of topics: from research developments, regulations and marketplaces to consumer sentiment and really helps me get a full picture what’s going on in this area of food & agriculture.”

—Kellee James, CEO, Mercaris, Silver Spring, MD

“*The Organic & Non-GMO Report* was not only the first publication to devote itself to non-GMO and organic grain news, it remains the most important dedicated news source for information about the topics that are important to the farmers and businesses that are working in this space.”

—Tom Ehrhardt, Vice-President, Albert Lea Seed House, Albert Lea, MN

“It is rewarding to advertise in *The Organic & Non-GMO Report*, both from a business perspective and from being part of an excellent magazine. From a business standpoint it is pleasing to hear from customers that they saw our ad and it is always easy to work with Ken, Carol and Lori. From a seed industry standpoint it great that *The Organic & Non-GMO Report* contains so much useful information and also that readers have access to suppliers for nearly every organic seed need”

—Mike Stabr, lab manager, Iowa State University Seed Lab, Ames, IA
